

Table G - 18. Mitigation Actions Identified for Implementation by Townships (2017-2021) (From the Wabasha County Master Mitigation Action Chart)

#	Hazard	Mitigation Strategy	Wabasha County Township Mitigation Action	Status	Priority Ranking	Time - frame	Jurisdictions	Responsibility	City Comments on Planning Mechanisms for Implementation	Possible Funding
1	Erosion	Local Planning & Regulations / Education & Awareness Programs	Plan for / promote more agricultural land to move into CRP and prevent waterways from being tilled up by farmers.	New	High	2017-2021	Pepin Township	Township Board	The Township Board will work with Wabasha County SWCD on this effort.	Township / County budgets
2	Erosion	Structure and Infrastructure Projects	Rip rap around culverts to hold soil and reduce erosion.	New	High	2017-2021	Pepin Township	Township Board	The Township Board will work with Wabasha County Highway Department on this effort.	Township / County budgets Possible FEMA HMA Funding for Local Flood Reduction Projects
3	Severe Winter & Summer Storms	Structure and Infrastructure Projects	Update power lines and cut trees away from lines. Strengthen or bury power lines where feasible where power lines are vulnerable to failure from severe storms.	New	High	2017-2021	Pepin Township	Township Board	The Township Board will work with Wabasha County Highway Department and power company on this effort.	Township / County budgets Possible FEMA HMA Funding for Infrastructure Retrofit
4	Severe Winter & Summer Storms	Education & Awareness Programs	Increase public awareness and education on cell phone alerts for severe storms and flooding events. Encourage all township residents to sign up for the County's CodeRed emergency notification system.	New	High	2017-2021	Gillford Township	Township Board	The Township Board will work with Wabasha County Emergency Management on this effort.	Township / County budgets

#	Hazard	Mitigation Strategy	Wabasha County Township Mitigation Action	Status	Priority Ranking	Time - frame	Jurisdictions	Responsibility	City Comments on Planning Mechanisms for Implementation	Possible Funding
5	Flood	Structure and Infrastructure Projects	Re-grading or raising of low areas or re-ditching to reduce washouts of roads.	New	High	2017-2021	Gillford Township	Township Board	The Township Board will work with Wabasha County Highway Department on this effort.	Township / County budgets Possible FEMA HMA Funding for Local Flood Reduction Projects
6	Severe Summer Storms	Structure and Infrastructure Projects / Mitigation Preparedness & Response Support	Install warning siren for Ryan's Bay / Pondarose area.	New	High	2017-2021	Zumbro Township	Township Board	The Township Board will work with Wabasha County Emergency Management on this effort.	Township / County budgets Possible FEMA HMA 5% Initiative Projects
7	All-Hazards	Mitigation Preparedness & Response Support	Work with Wabasha County to ensure township residents are reached by emergency notification system via phone, emails, text, and local TV to alert township residents of approaching danger. Increase cell phone reception in low-lying areas to ensure coverage to reach all residents. Get local KTTC TV available for storm notification. Currently Dish Network and Direct TV uses Twin Cities stations for "local" station for rural Wabasha County.	New	High	2017-2021	Oakwood Township	Township Board	The Township Board will work with Wabasha County Emergency Management on this effort.	Township / County budgets

#	Hazard	Mitigation Strategy	Wabasha County Township Mitigation Action	Status	Priority Ranking	Time - frame	Jurisdictions	Responsibility	City Comments on Planning Mechanisms for Implementation	Possible Funding
8	Flood / Erosion	Natural Systems Protection	Increase CRP acres throughout the County and increase buffer strips to help slow runoff.	New	High	2017-2021	Oakwood Township	Township Board	The Township Board will work with Wabasha County SWCD on this effort.	Township / County budgets
9	Flood / Erosion	Structure and Infrastructure Projects	Address road repair plan in conjunction with Wabasha County for erosion control / rip rap on the Zumbro River.	New	High	2017-2021	Glassow Township	Township Board	The Township Board will work with Wabasha County Highway Department on this effort.	Township / County budgets Possible FEMA HMA Funding for Local Flood Reduction Projects
10	Dam Failure	Structure and Infrastructure Projects	Assess the levee on the Zumbro River and address infrastructure improvements to ensure it lasts.	New	High	2017-2021	Greenfield Township	Township Board	The Township Board will work with Wabasha County Planning and Zoning Department on this effort.	Township / County budgets Possible FEMA HMA Funding for Local Flood Reduction Projects
11	Wildfire	Structure and Infrastructure Projects	Install an underwater water storage tank to provide extra water for fire protection.	New	High	2017-2021	Greenfield Township	Township Board	The Township Board will work with Wabasha County Emergency Management on this effort.	Township / County budgets Possible FEMA HMA Funding for 5% Initiative Projects
